

To Sir or madam

I would love to experience the roller hockey rink and so would my friends, because when we come home from school there is nothing to do, except walk round the streets. I think lots of people would be off the streets and in the rink, me and my friend love to skate on our roller boots but have to roller skate round the streets and it gets boring! it would be ashame to lose a good oppartunity when it would give us some thing ~~to do~~ do

Thank you
for listenieng
