RE: Fishersgate Roller Hockey Rink

Dear Sir / Madam,

The roller hockey rink in Fishersgate Park was a life saver when my son was younger, he always had somewhere to go and meet his friends and enjoy himself, also it was a lot off my mind knowing where he was and what he was doing.

A lot of children had many years of fun at the rink, and I am hoping this will continue as I have a young daughter who likes skating.

I strongly believe this keeps the children occupied and off the streets, unfortunately when the roller rink closed my son started hanging around the streets and it ended in him being regularly arrested by the police. Hopefully the roller rink will remain open and give children in this community something to do.

Yours Sincerely
