12th October 2008

Dear Peter Averillo Chair of FCA,

Thank you for your letter dated 10th November regarding the plans for 'The Dome'.

I am very interested to be kept abreast of these developments as Chief Instructor of White Dragon Martial Arts.

We are locally based as you know and have a growing student base. We are currently located at Eastbrook Primary School.

However it is my intention to stay locally and the proposed changes will benefit my club and its students.

I am in need of another venue and these changes provide me with the solution.

I am interested in taking 4 sessions – being two sessions on two separate days; bi-monthly training sessions; to use the roller rink for training outside in the summer and Self Defence Courses upon need and bookings.

I am also a qualified first aid trainer and would be looking to also run first aid training sessions; also upon need and bookings.

We at White Dragon Martial Arts have been a long time supporter of Fishersgate Community and wish to remain a strong supporter of this essential and needed resource.

I have been waiting for a long time and can't wait for the community of Fishersgate to get the facilities and amenities they deserve.

Yours sincerely

Sensei Jason Chief Instructor 2nd Dan White Dragon Martial Arts
